BRICKS 4 KIDZ

Mechanics of Amusement Parks

KG to Grade 3

(in English)

Delve into the history & mechanics of favorite amusement park rides! Students construct a Tilt a Whirl, Loop de Loop, Swing boat ride & Merry Go Round. Lessons incorporate principles of physics, described in a way children can understand, such as "G-force" inertia & momentum, as well as math concepts such as "360 degrees in a circle". Engaging lessons give students an understanding of the physical forces they experience every day. Every child gets one mini-figure and Mini model to take home.

TENNIS/GOLF Jr. Combo

Preschool to Kindergarten

(in English)

Ready to learn golf and tennis the TGA way? Come join your junior friends at FASP and have a ball with golf and tennis. Our program fosters team work, fitness, and fun facts, using golf and tennis as the vehicles. We teach strokes, rules, and more in a hands-on, energetic environment that is designed for the preschool child. We putt to music, count strokes, and have fun doing the "dipping dino" and the "leaping lizard" as we practice our golf and tennis skills. All equipment is provided. Merci!

EXPLORING STEAM

Grades 2 to 5

(in English)

Science, Technology, Engineering, Art, and Math...S.T.E.A.M education combines all of these major themes to get kids thinking and learning on all levels! Learn about different scientific disciplines as you learn to think like an engineer, investigate like a scientist, and try your hand at some cool technology (3D printing, laser cutting, electronics). Figure out fun math tricks that will amaze your friends, experiment with making things move, discover the amazing world of robotics and programming and of course use your own creative and artistic touch to personalize your projects. Projects will depend on the interests of the group.

KIDS' MUSIC ROUND

Preschool to Kindergarten

(in English)

It is during these early years a child's musical talent and love of music is being fostered. In this class, musical concepts will be explored through song, dance, dramatic play, creative movement, improvisation and assorted rhythm instruments. Because many children are not ready for the formal structure of a private lesson at this age, this group class is a great first step toward private study. Home materials: CD and download link for the MP3's and songbook
